PHOTOGRAPHY DISCLAIMER

As a part of the photography package at the Cocker Spaniel National Show, the photographers from *Savvy Studios* will endeavour to take photos of every exhibit as a part of their coverage. As a part of their photography, they will also be photographing some exhibitors/onlookers around the ringside.

Photos from the show will be used to compile a DVD slideshow of the entire day that is available for purchase.

If you do NOT wish to have your photo added to the slideshow, either as a handler of a dog or as a spectator, please fill in the form below and deliver it to the photographers directly on the morning of the show. Without this form being submitted, you give permission for your image to be used in the production of the slideshow.

This form does not cover dogs you handle or own. Dogs will still be photographed but the photographers will make every effort to not include identifying facial features of the handlers in the process.

If you have any further questions in regards to this form, please contact the photographers via email - alicia@savvystudios.com.au
